

Design Capital Diversity Scholarship

The NewSchool Foundation offers the Design Capital Diversity Scholarship as part of our mission to enhance and augment educational experiences for students at NewSchool of Architecture and Design. The scholarship provides financial support to students who enrich diversity for the academic community. Recipients receive \$10,000 towards tuition, awarded in Fall Quarter for two concurrent years.

The NewSchool Foundation celebrates diversity and recognizes that every individual brings their own unique experience to enrich NewSchool's community. Diversity provides understanding of and appreciation for humanity, cultures, and the design of our environments. When students relate to qualities and conditions different from their own, NewSchool gains new and valuable perspectives that enhance and augment educational experiences.
